Sabina Completes \$20.6 Million Financing

Enables Continued Funding for Aggressive advancement of Nunavut projects

Vancouver, BC – Sabina Gold & Silver Corp. (SBB-T) announced today the completion of the previously announced non-brokered private placement. The placement was comprised of 14,689,295 Flow-through Common Shares at \$1.40 per share for gross proceeds of \$20,565,013.

“We are happy to have this boost of funds to our treasury,” said Rob Pease, President & CEO “We believe that the work we are doing at Back River continues to de-risk and add value to the project and that the use of flow-through funds to facilitate this work is more effective use of capital allowing for greater capital allocation flexibility for our treasury. We are also pleased that we were able to complete this financing with no broker’s commission or warrants and at a solid premium. We look forward to reporting the results of this year’s program through the coming months and the completion of our Pre-Feasibility Study in the third quarter of this year.”

The total gross proceeds must be used to incur Canadian exploration expenditures as defined by the Income Tax Act (Canada) by December 31, 2014.
