**Sabina Gold & Silver**  
**ANNOUNCES ZHAOJIN EXERCISE OF PARTICIPATION RIGHTS**  
**Subscribes for C\$13M by Way of Private Placement**

**Not for distribution to U.S. wire services or for dissemination in the United States**

Vancouver, BC – Sabina Gold & Silver Corp (SBB.T/SGSVF:OTCQX), (“Sabina” or the “Company”) has announced today that Zhaojin International Mining Co., Ltd. (“Zhaojin”) has elected to exercise its participation right under its Shareholder Agreement with the Company in connection with the Company’s US\$95 million (C\$120 million) private placement with Orion Mine Finance and Wheaton Precious Metals (the “Offering”),

To maintain its 9.9% ownership of the Company, Zhaojin will purchase approximately 10.1 million common shares of the Company (“Common Shares”) at \$1.30 per share by way of a private placement (the “Zhaojin PP”) which would raise an additional C\$13 million.

“We are very pleased that Zhaojin continues to invest in the Company and the Back River Project. We look forward to continuing to work with them during this exciting time as we transition into a gold miner,” said Bruce McLeod, President & CEO.

The remainder of the Offering and the Zhaojin PP will close in two further tranches with C\$39 million closing later in February, 2022 (the second tranche) subject to TSX approval and C\$18 million closing in Q2, 2022 subject to TSX and shareholder approval.

The shares and proceeds related to the Zhaojin PP are additional to the Offering and will off-set future equity requirements. The net proceeds of the Offering and the Zhaojin PP will be used to advance development of the Company’s Back River Gold Project and for working capital and general corporate purposes.

**Sabina Gold & Silver Corp.**

Sabina Gold & Silver Corp. is an emerging gold mining that 100% owns the district scale, advanced, high grade Back River Gold District in Nunavut, Canada.

Sabina recently filed an Updated Feasibility Study (the “UFS”) on its first mine on the district, the Goose Mine, which presents a project that will produce ~223,000 ounces of gold a year (first five years average of 287,000 ounces a year with peak production of 312,000 ounces in year three) for ~15 years with a rapid payback of 2.3 years, with a post-tax IRR of ~28% and NPV<sub>5%</sub> of C\$1.1B. See “National Instrument (NI) 43-101 Technical Report – 2021 Updated Feasibility Study for the Goose Project at the Back River Gold District, Nunavut, Canada” dated March 3, 2021.

The Project received its final major authorization on June 25, 2020 and is now in receipt of all major permits and authorizations for construction and operations.

The Company is also very committed to its Inuit stakeholders, with Inuit employment and opportunities a focus. The Company has signed a 20-year renewable land use agreement with the Kitikmeot Inuit Association and has committed to various sustainability initiatives under the agreement.

In February 2022, the Company announced it had completed a comprehensive project financing package for US\$520 million comprised of:

- A US\$225 million senior secured debt facility with Orion Mine Finance;
- A US\$75 million gold prepay facility with Orion Mine Finance;
- A US\$125 million gold stream arrangement with Wheaton Precious Metals; and
- A US\$95 million private placement of Sabina Common shares subscribed to by both Orion and Wheaton Precious Metals.

The Company continues to advance development at its Goose Mine as well as continues exploration activities on the next area of focus on the belt: the George Property.

In addition to Back River, Sabina also owns a significant silver royalty on Glencore’s Hackett River Project. The silver royalty on Hackett River’s silver production is comprised of 22.5% of the first 190 million ounces produced and 12.5% of all silver produced thereafter.

## **Forward Looking Information**

*This news release contains “forward-looking information” within the meaning of applicable securities laws (the “forward-looking statements”), including, but not limited to, the commencement of construction of the Project, the timing for completion of construction and the timing of first gold pour, the opportunities for new discovery, the creation of value for stakeholders, the timing and availability of the drawdown on the Credit Facility and the Stream Arrangement, the timing and completion of the private placement as well as a future equity financing, Zhaojin’s participation in an equity financing and the projections and assumptions of the results of the UFS. These forward-looking statements are made*

*as of the date of this news release. Readers are cautioned not to place undue reliance on forward-looking statements, as there can be no assurance that the future circumstances, outcomes or results anticipated in or implied by such forward-looking statements will occur or that plans, intentions or expectations upon which the forward-looking statements are based will occur. While we have based these forward-looking statements on our expectations about future events as at the date that such statements were prepared, the statements are not a guarantee that such future events will occur and are subject to risks, uncertainties, assumptions and other factors which could cause events or outcomes to differ materially from those expressed or implied by such forward-looking statements. Such factors and assumptions include, among others, the availability of equity financing on reasonable terms, the approval of the private placement to Orion and Wheaton by Sabina's shareholders, the uncertainty of construction, production, development plans and costs estimates for the Back River Gold Project; discrepancies between actual and estimated mineral reserves and mineral resources, between actual and estimated development and operating costs; the interpretation of drill, metallurgical testing and other exploration results; the ability of the Company to retain its key management employees and skilled and experienced personnel; exploration, development and mining risks and the inherently dangerous nature of the mining industry, and the risk of inadequate insurance or inability to obtain insurance to cover these risks and other risks and uncertainties; property and mineral title risks including defective title to mineral claims or property; the effects of general economic conditions, commodity prices, changing foreign exchange rates and actions by government and regulatory authorities; and misjudgments in the course of preparing forward-looking statements. In addition, there are known and unknown risk factors which could cause our actual results, performance or achievements to differ materially from any future results, performance or achievements expressed or implied by the forward-looking statements. Known risk factors include risks associated with exploration and project development; the need for additional financing; the calculation of mineral resources and reserves; operational risks associated with mining and mineral processing; fluctuations in metal prices; title matters; government regulation; obtaining and renewing necessary licenses and permits; environmental liability and insurance; reliance on key personnel; the potential for conflicts of interest among certain of our officers or directors; the absence of dividends; currency fluctuations; labour disputes; competition; dilution; the volatility of the our common share price and volume; future sales of shares by existing shareholders; and other risks and uncertainties, including those relating to the Back River Project and general risks associated with the mineral exploration and development industry described in our Annual Information Form, financial statements and MD&A for the fiscal period ended December 31, 2020 filed with the Canadian Securities Administrators and available at [www.sedar.com](http://www.sedar.com). Although we have attempted to identify important factors that could cause actual actions, events or results to differ materially from those described in forward-looking statements, there may be other factors that cause actions, events or results not to be as anticipated, estimated or intended. There can be no assurance that forward-looking statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking statements. We are under no obligation to update or alter any forward-looking statements except as required under applicable securities laws.*
