

POSITION DESCRIPTION

Environmental Coordinator (9 month contract)

DATE POSTED: March 23, 2021
CLOSING DATE: April 6, 2021
TITLE: Environmental Coordinator (9 Month Contract)
LOCATION: Vancouver, BC & Back River Project Site, Nunavut
REPORTS TO: Manager, Environmental Permitting
DIRECT REPORTS: None
JOB FAMILY: Environment & Sustainability

INTRODUCTION

Sabina Gold & Silver Corp. (Sabina) is a Canadian precious metals company on track to become a mid-tier gold producer. The Company has a portfolio of properties in Canada at different stages of development. Our flagship project, the Back River Gold Project (Project), is located in the Kitikmeot Region of Nunavut. Through the advancement of the Project, Sabina is evolving from a successful exploration company to a developer and future producer.

The Environmental Coordinator is a member of the Environment & Sustainability team for the Back River Project. They will support the Environment and Sustainability team to ensure the company fulfills requirements included in relevant legislation, environmental authorizations, and commercial leases. The Coordinator will also track and support the reporting on environmental data from our activities. The Environmental Coordinator will assist in the development and implementation of programs to maximize environmental impacts and support the preparation of additional permits and approvals, or amendments as required.

ESSENTIAL DUTIES:

In this position the Environmental Coordinator will:

- Assist in the coordination of environmental monitoring programs (as required by legislation, authorizations, and environmental management plans) for compliance as well as baseline data collection required for applicable environmental assessment and permitting processes.
- Track data to regularly assess Sabina's performance towards achieving relevant objectives.
- Assist in completion of annual and other formal reporting as required under current authorizations including the NIRB Project Certificate; NWB Type A and B Water Licenses; CIRNAC Land Authorizations; and KIA Commercial, Advanced Exploration and Land Use Licenses, etc.
- Assist with preparation of additional permit and approval applications, or amendments as required.
- Assist with updating, development, and implementation of environmental management plans and an environmental management system.
- Support environmental aspects of Sabina's engagement with Indigenous and community stakeholders within Nunavut and the Northwest Territories.

POSITION DESCRIPTION

Environmental Coordinator (9 month contract)

- Work with the Manager, Environmental Permitting and the VP, Environment & Sustainability to ensure Sabina's compliance with relevant sections of the Company's Sustainable Development Policy and other corporate policies.
- Conduct onsite inspections as required.
- Conduct environmental monitoring according to Sabina policies.
- Work safely and contribute to safe practices of the Sabina team and contractors.
- Other duties as assigned.

WORKING PREMISES:

The position is based in Vancouver, British Columbia with periodic travel to the Project site. Allowance for a remote work location will be given until COVID travel restrictions are reduced within Canada.

TRAINING & EXPERIENCE:

- A college or university degree, or equivalent experience, in environmental science, mining engineering, or another relevant field.
- One to five years of related experience in mining or environmental consulting.
- Proven ability to communicate effectively to individuals and large groups over a broad range of topics, including to Indigenous peoples.
- Organized with strong time management skills.
- Ability to work independently as well as collaboratively in a multi-disciplinary, cross-cultural team.
- Strong problem-solving orientation.
- Excellent oral and written communication skills.
- Capacity for strategic thinking to support corporate messaging to various stakeholders, external personnel, and regulatory agencies.
- Willingness to travel (approximately 20-30%).
- Work safely and contribute to safe practices of the Sabina team and contractors.
- Strong Microsoft Office and computer skills.
