

## Position Advertisement Operator, Fuel and Water - 10108

### ABOUT THE COMPANY

*Sabina Gold & Silver Corp. is a well-financed Canadian precious metals company on track to become a mid-tier gold producer. The Company has a portfolio of properties in Canada at different stages of development. Our flagship project, the Back River Gold Project, is located in the western Kitikmeot Region of Nunavut. Through our Nunavut assets, Sabina is evolving from a successful exploration company to a developer. Sabina is listed on the Toronto Stock Exchange ("SBB").*

### ABOUT THE POSITION

The Operator, Fuel and Water is responsible for the upkeep of fuel and water truck services related to stationary and mobile equipment and ground maintenance. Reporting to the Supervisor, Site Services, the Operator, Fuel and Water will aid project teams in day-to-day fueling and servicing of equipment and tasks associated with ground maintenance requiring water truck services working on a rotational (3x3) basis in a remote camp setting.

### PRIMARY RESPONSIBILITIES

Reporting to the Supervisor, Site Services, duties will include (but are not limited to):

- Day to day activities include fueling and servicing of stationary and mobile equipment, including gensets;
- Provide aircraft ground support by the safe and efficient operation of water trucks as required to maintain airstrip quality;
- Ensure fuel and water services schedules are completed, logged and reported as needed;
- Aid in the daily maintenance of equipment as required. Report deficiencies in site operating equipment to supervisor;
- Complete a daily inspection of all assigned equipment;
- Maintain fuel stocking levels and report deficiencies to supervisor as required;
- Follow and promote compliance to Sabina's safety policies and procedures. Partake in daily toolbox talks; and
- Aid the Site Services team with other duties as required.

### DESIRED QUALIFICATIONS

The successful candidate will have prior experience working in a remote camp setting with limited access to resources. Additionally, they will have:

- One (1) year of experience in a labourer position in a remote camp environment, with preference given to those with mining experience;
- Class 3 Driver's license with airbrake endorsement required;
- Ability to work outside in harsh climates and environmental conditions, including exposure to extreme cold (-70 c) and wet conditions to high heat and humidity (30+ c);
- Completion of primary school, High school diploma is preferred; and
- Ability to comprehend, read, write and converse in functional English to ensure safe working conditions on site.

## Position Advertisement Operator, Fuel and Water - 10108

### COMPENSATION AND BENEFITS

For informational purposes, the blended rate of pay for this is \$40.38 (based on prior experience) for 2184 scheduled hours in a work year. Competitive benefits and travel compensation will be discussed with the successful candidate.

### APPLICATION AND CONTACT INFORMATION

To be considered for this opportunity, please email your resume to [employment@sabinagoldsilver.com](mailto:employment@sabinagoldsilver.com) using the reference number 10108 in the subject line.

Kitikmeot Inuit, Nunavut Inuit and Residents receive priority hiring consideration, if one these categories applies, please state it after the reference number in the subject line. We thank all for their interest but are only considering applicants with working rights in Canada.

The Sabina owed Back River Gold Project is a significant undertaking with contribution from both Sabina and valued Contractors. Although we appreciate your interested in working for Sabina directly; if you are not selected for employment with Sabina or we have no current work available that is suitable for your skill set, Sabina may share your application material with our contractors for positions that they are seeking to fill. If you do not want your resume shared, please indicate so in the subject line of your email and we will retain a copy of your application material for our internal records only.

We will retain application material on file for future vacancies (openings within 6-12 months) for consideration; however, you are encouraged to apply to any opening you may be suited for. If selected to move forward a member of our team will be in touch.

### CLOSING DATE

This posting will remain open until 12:00AM MST March 24, 2023 unless a suitable candidate is not found; however, we encourage interested applicants to submit their resumes ASAP in order to be considered.
