Warehouse Technician - 10007

ABOUT THE COMPANY

Sabina Gold & Silver Corp. is a well-financed Canadian precious metals company on track to become a mid-tier gold producer. The Company has a portfolio of properties in Canada at different stages of development. Our flagship project, the Back River Gold Project, is located in the western Kitikmeot Region of Nunavut. Through our Nunavut assets, Sabina is evolving from a successful exploration company to a developer. Sabina is listed on the Toronto Stock Exchange ("SBB").

ABOUT THE POSITION

Reporting to the Superintendent, Supply Chain, the Warehouse Technician is responsible for the shipping, receiving, picking, documentation, and inspection of goods incoming and outgoing at the Back River project. Working with the Supply Chain Team, this role interfaces with departments across site to ensure business objectives are met in a safe and efficient manner while maintaining a clean work environment. This individual works on a rotational basis (3x3) in a remote camp setting based at the Goose Lake Mine near the Kitikmeot Region of Nunavut.

PRIMARY RESPONSIBILITIES

Reporting to the Superintendent, Supply Chain, duties will include, but are not limited to:

- Pick, kit, and issue materials in a timely manner in line with maintenance and operational requirements while maintaining warehouse facilities on site to ensure a safe, clean, and efficient work environment;
- Inspect and verify incoming goods against invoices or other documents, record shortages, and report damaged goods as required. Ensure that all equipment and materials are unloaded, reviewed, put away or delivered to work locations in a safe and timely manner;
- Ensure the safe operation of warehouse equipment (such as forklifts) to transport items, unload, load, store goods, and complete tasks as required;
- Ensure proper documentation for materials and equipment leaving site is completed, approved, and that all goods leaving site are inspected and documented;
- Determine methods and best practices of shipping, receiving, preparing bills, filling work orders, invoices, and other shipping documents manually or by computer;
- Maintain order in the warehouse by performing minor housekeeping duties, such as sweeping and cleaning warehouse floors, ensure office lights and doors are functional;
- Liaise with site teams, provide customer service, and maintain strong communication among departments to meet business objectives; and
- Work closely with the Supply Chain team to ensure business needs are met in a safe and efficient manner and other duties as assigned.

DESIRED QUALIFICATIONS

The ideal candidate will have prior experience working in a remote camp setting. Additionally, they will have:

- Four (4) years' experience in warehouse environment (mining or related industry preferred);
- Interprovincial Red Seal as a Warehouse Technician or a Nunavut Partsperson - Materials Technician CoQ; and
- Valid Drivers license required and Forklift Certificate preferred;
